

SELECTMEN'S MEETING

WEDNESDAY, MAY 21, 2014 AM

ASHLAND PROPERTIES LOCATION

Chairman DeWolfe called the meeting to order with a Roll Call. PP here, FN here, SF here, JS here, ND here. Others present: John Glidden, and Chief Heath

Mr. Glidden showed us the rooms in the building and told us it would be very expensive to do anything with it. Part of the building was wood and part was steel. There was a lot of debris in the building and it was not clean. It was discussed among the board with looking for ideas and find the right people to get involved in doing something with the old building. It definitely is a fire hazard. The board will move forward with this issue.

JS made the motion to adjourn at 8:42 am FN seconded it. All in favor. Meeting adjourned.

Respectfully Submitted,

Jeanette I. Stewart
