

*The Waukegan and Winona
Watershed Protective Association*

presents

Sara Steiner

NHDES VLAP Coordinator

**LAKE WATER QUALITY
Good, Bad & Ugly**

**What Does it Mean For the Future of NH's Lakes?
What does it mean to you?**

Phosphorus? Cyanobacteria? What are different factors that may or may not affect lake health? Learn how to understand water quality data. What are the historical trends of area lakes? What parameters are monitored and why?

Wednesday, August 20, 2014 • 6 - 7:30 PM
The Meredith Community Center
Route 3, Meredith, NH 03253

FREE - OPEN TO THE PUBLIC
