The meeting was called to order at 6:34 pm by Chairperson MacLeod.

### **Meeting Minutes**

Due to a lack of quorum, the July and August meetings were cancelled. Therefore, no meeting minutes need to be approved.

### **Correspondance**

For anyone interested in attending, the Municipal Association is holding their annual conference on Nov. 16 and 17 in Manchester. Refer to [nhmunicipal.org](http://nhmunicipal.org) for more information.

### **General Discussion**

There is work being done at the Mobil station in town but the purpose and extent of the work is unknown at this time. The state now has on its web page the **NEDDS Real Estate Database**. Anyone interested in adding an available property to the database should contact Michael Bergeron at 271-2591. For more information go to [www.nh.gov/business/doingbusiness](http://www.nh.gov/business/doingbusiness) and look under Expanding/Relocating Your Business.

### **AEDC Budget**

It was agreed the Economic Development Committee will request a budget of \$1000.

### **GIS Update**

Eli reported that storm drain, culverts and hydrant locations have been added. A new layer for tax map information and zoning has been added. Adding all the appropriate attributes for this layer will be very time consuming. The attributes to include would be abutter information, non-conforming uses, etc.

The meeting was adjourned at 7:53 pm.

**The next meeting will be on Tuesday, October 25 @ 6:30 at the fire station.**
